TECHFEST, IIT BOMBAY
30TH EDITION
x
GOBITSNBYTES
FOUNDATION
CO-ORGANISING
PARTNER

One competition. A room full of builders. One of the country's biggest technology festivals.

PARTNERSHIP PROSPECTUS

FOR THREE DECADES, TECHFEST, IIT BOMBAY HAS BROUGHT TOGETHER STUDENTS, TECHNOLOGISTS, RESEARCHERS, CREATORS AND COMPANIES AROUND ONE IDEA: BUILDING WHAT COMES NEXT.

THE 30TH EDITION MARKS MORE THAN A MILESTONE. IT CREATES AN OPPORTUNITY TO ENGAGE A NEW GENERATION OF BUILDERS THROUGH COMPETITIONS, HACKATHONS, WORKSHOPS, TECHNICAL EXPERIENCES AND COMMUNITIES EXTENDING FAR BEYOND THE IIT BOMBAY CAMPUS.

AS A CO-ORGANISING PARTNER, GOBITSNBYTES FOUNDATION IS WORKING ALONGSIDE TECHFEST ON TECHNICAL PROGRAMMING, BUILDER OUTREACH AND THE DEDICATED COMPETITION FOR THE 30TH EDITION.

THE 30TH.

THE REACH.

180K+
FOOTFALL

A LARGE AUDIENCE CONVERGING AROUND SCIENCE, TECHNOLOGY, INNOVATION AND ENTREPRENEURSHIP.

2,500+
COLLEGES

A NATIONWIDE NETWORK CONNECTING STUDENTS AND CAMPUS COMMUNITIES ACROSS INDIA.

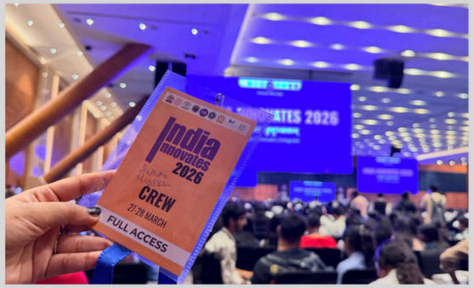

500+
GLOBAL UNIVERSITIES

BUT REACH IS ONLY USEFUL WHEN THE RIGHT PEOPLE ARE IN THE ROOM. THE AUDIENCE INCLUDES DEVELOPERS, ENGINEERS, HACKERS, FOUNDERS AND STUDENTS ACTIVELY DECIDING WHICH TECHNOLOGIES THEY WILL LEARN, BUILD WITH AND CARRY INTO THEIR NEXT PROJECT.

ABOUT US

Techfest, IIT Bombay × bits&bytes

Techfest, IIT Bombay is one of Asia's largest science and technology festivals, bringing together students, builders, researchers, innovators and organisations from across India and beyond.

For its 30th edition, GOBITSNBYTES FOUNDATION joins Techfest as a Co-Organising Partner, contributing to technical programming, builder outreach, hackathons, workshops, judging and mentorship.

bits&bytes is an independent, youth-led builder network operated by GOBITSNBYTES FOUNDATION, a Section 8 non-profit company. We exist to make it easier for young developers, designers and builders to find each other — and give them places to actually build and ship.

Today, that community spans 1,500+ active members across 10+ city forks, alongside hackathons, builder programs and technical initiatives designed to give young people the space, tools and community to build something real. For the 30th edition, we're bringing that builder-first approach into Techfest through a dedicated competition designed around real problems, technical challenges and hands-on building.

WE DIDN'T START WITH THE 30TH.

BITS&BYTES HAS GROWN BY BRINGING TOGETHER BUILDERS, INSTITUTIONS, COMMUNITIES AND COMPANIES AROUND EXPERIENCES WHERE YOUNG PEOPLE ACTUALLY MAKE THINGS.

ACROSS HACKATHONS, BUILDER PROGRAMS AND LARGE-SCALE COLLABORATIONS, WE'VE WORKED WITH ORGANISATIONS THAT BELIEVED YOUNG BUILDERS DESERVED MORE THAN ANOTHER AUDITORIUM AND A POWERPOINT.

THE 30TH IS THE BIGGEST ROOM WE'VE HELPED BUILD YET.

BRONZE — ₹3,50,000

VISIBILITY

Logo placement · Partner recognition · Social amplification · Selected event visibility

TECHNOLOGY / IN-KIND — CUSTOM

AI & cloud credits · APIs · developer tools · hardware · prizes · swag

WE AREN'T LOOKING FOR BRANDS TO SIT ON THE EDGE OF THE EVENT.

WE'RE LOOKING FOR COMPANIES WHOSE TECHNOLOGY, PRODUCTS AND PEOPLE CAN BECOME PART OF WHAT PARTICIPANTS ACTUALLY BUILD.

CUSTOM PARTNERSHIPS AVAILABLE. BENEFITS APPLY TO RELEVANT, MUTUALLY AGREED INITIATIVES AND ARE SUBJECT TO NECESSARY APPROVALS.

BUILD THE 30TH.

SOMEWHERE IN THIS EDITION IS A STUDENT DISCOVERING THE TOOL THEY'LL KEEP USING FOR THE NEXT FIVE YEARS.

A TEAM MEETING THE MENTOR WHO CHANGES THEIR DIRECTION.

A PROTOTYPE BECOMING SOMETHING CONSIDERABLY BIGGER THAN A WEEKEND PROJECT.
YOUR COMPANY CAN BE PART OF WHAT HAPPENS NEXT.
